INNOVATIVE SOLUTIONS

VENT POLES

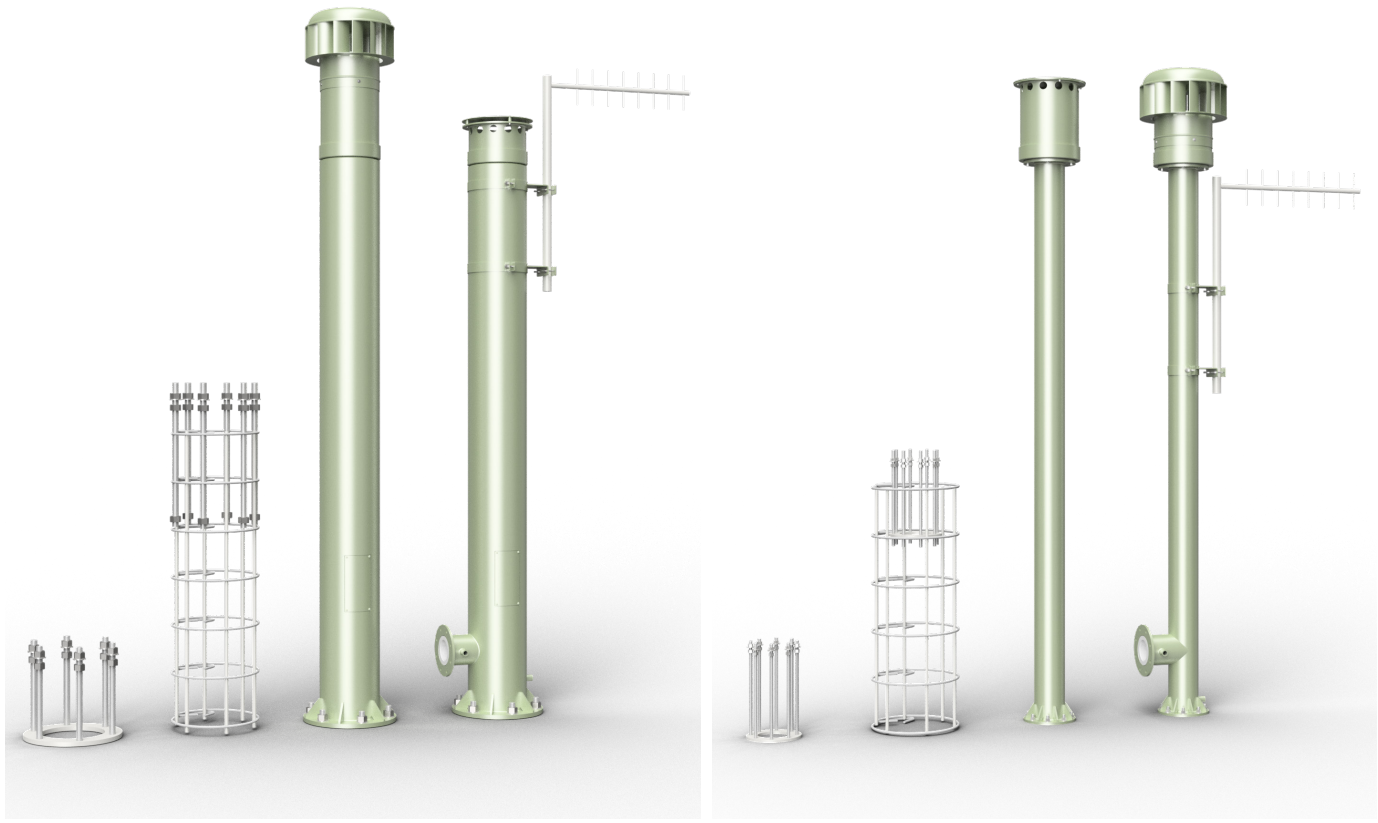

McBerns offers customers a range of complete solutions including design, manufacture, installation and maintenance of vent poles.

Our off the shelf, ready made solutions include, pier foundation steelwork and mounting pads, a selection of vent poles from 150mm or 300mm diameter, an extensive range of odour filters both pre and post vent pole and data telemetry solutions for remote communication of performance monitoring.

Vent poles can also be integrated with a range of our ZC and other odour filter products.

Our vent poles are coloured in our special environmental green, designed to minimise their visual impact in most settings. Apart from our ready made solutions we can create customised vent pole solutions to suit your unique requirements.
